“

Taralye was established 45 years ago – at that time there were little or no support for children who were hearing impaired.

Through the dedication and foresight of many great people, including the late Dame Elisabeth, Taralye was born. Taralye’s founders believed that children who are born deaf should have access to the same educational and social opportunities as hearing children.

Today there are so many people who have Taralye to thank for providing them with the opportunity to learn to listen and speak.

I am honoured to be the Ambassador for Taralye’s Inaugural Gala and I hope that you will join me in supporting this great organisation.
