Match information

Cancellation of matches

Cancelled fixtures will be placed on our Facebook page by 8.00am on the Saturday morning. An SMS will also be sent out to Club Representatives. All players must otherwise be ready to play at the scheduled time and wait until at least 9.30am, after which time play can be abandoned. The safety of the players is paramount when the condition is compromised by wet weather. No player is to be made to take the court if they feel the court surface is unsafe, therefore if either player feels unsafe, play is not to commence/resume. Parents have final say over the junior players in regard to the potential safety of the court surface.

Starting time

Matches should begin at 8.30am.

Score sheets

Scores should be recorded correctly on paper and kept in case of a dispute. Sheets can be printed directly from Match Centre.

Home team on the left hand side, visiting team on the right hand side.

Child's name written **in full** in the singles section (i.e. John Smith).

Child's name may be abbreviated in doubles section (i.e. J Smith).

If using extra players, please write players names in order of merit under the comments section on the sheet before the match commences.

Once all matches have been completed, check scores with the supervisor of the opposing team, add up sets/games and sign sheets.

Send sheets to Kristy Arnold on 0428 400 722 or karnold5@hotmail.com

All scores are to be entered and confirmed on the Online Competition Software no later than 10.00am on the Sunday morning following the match.

Tennis balls

Each team should provide 2 new balls per fixture. Division D & E matches will use green dot balls & Division F will use orange dot balls and modified courts. (Note: Division **D boys** will also play with green dot balls this year).

Divisions playing with modified equipment will not play finals and therefore their matches will conclude at the end of the scheduled minor round.

Teams

Divisions A, B, C & D - 4 boys or 4 girls.

Division E & F—Any 4 players

Order of play

Follow the match order of play (as per the by-laws) where possible

For a team of 4 players is Singles 4,3,2,1 - Doubles 2,1. If a decision can't be made between supervisors, suggested order of play must be adhered to.

Umpiring

Division A & B - Players umpire themselves.

Division C - Players umpire own matches, under adult supervision on court to assist, or adults to umpire.

Divisions D, E and F - Adults umpire.

Set sizes

Division A - 6 game set, tiebreak at 5 all.

Division B, C - 5 game set, tiebreak at 4 all.

Division D & E - 5 game set. 'Sudden death' will be played in all games up to 4 all, and at 4 all, an advantage game will be played.

Division F - 4 game set. 'Sudden Death' will be played in all games up to 3 all, and at 3 all, an advantage game will be played.

Tie-breaker

The receiver of the last game (player A) serves the first point of the tie break from the right side of the court (forehand side). After the first point is played, it is player B's serve. Player B serves two points, firstly from the left side of the court (backhand side) and then from the forehand side of the court. The serve then returns to player A for the next two points. This serving rotation is maintained throughout the tie-breaker. Players change ends after every six points. Points are scored zero, 1, 2, 3, etc. When a player has scored seven points with a margin of two, they win the tie-breaker (7-5). If they reach seven points and do not have a two point margin (7-6), they continue to play until one player has a two point lead (8-6).

Children

Before leaving the venue, ensure that all children have been picked up. Do not leave children alone at a venue.
