## A REMARKABLE YEAR

### A THRIVING COMMUNITY

There have been many memorable performances and records set across Australian tennis these past 12 months. From getting more people to play the game to setting rankings highs and attracting more than 1.4 million fans to our summer events, it truly has been a remarkable year.

Around the nation, our vibrant community is growing as we continue to implement our Game On strategy. Coaches, volunteers, clubs, schools, administrators, officials and of course, across all levels of players – every possible area of tennis is thriving.

A lot of the excitement within our tennis community has come with the roll-out of revamped national programs – Hot Shots Tennis and Cardio Tennis to coincide with a refreshed Tennis brand.

Tennis reclaimed the number one position as the most requested sport in Australian schools for the 2023 calendar year and we now have more than 3100 Partner Schools giving kids their first playing experiences.

Efforts to expand the support offered to the coaching network have begun to pay dividends with Tennis Australia Coach Members increasing 20 per cent this past year to a record 3500. In a substantial step towards gender equity, this number includes more than 1100 women coaches – an increase of 35 per cent on the previous year. It's still not where we want it to be, but it is strong progress.

Competition has long been the backbone of Australian tennis and there are now more than 87000 connected players with a rating regularly taking part in Leagues and Tournaments. The introduction of a Coloured Ball Rating is helping coaches and parents find the

appropriate level for kids getting started on their competition journey. Complementary disciplines of tennis have also gained traction with 200 affiliated venues offering padel, pop or pickleball as part of their tennis programming – attracting new and old participants alike.

### SOARING TO NEW HEIGHTS

Our leading athletes soared to new heights inspiring australians to play along the way. alex de minaur became the first australian man in 18 years to be ranked inside the world top 10 while both storm hunter and matt ebden claimed the number one ranking in doubles.

Jordan Thompson, Max Purcell, Rinky Hijikata, Adam Walton, Tristan Schoolkate, Alexei Popyrin, Aleksandar Vukic and Chris O'Connell are among an impressive cohort of Australian men achieving new ranking highs within the past year.

On the women's side Arina Rodionova, Olivia Gadecki, Kim Birrell, Taylah Preston and Storm Hunter all achieved career-high singles rankings while Ajla Tomljanovic, Daria Saville and Destanee Aiava reclaimed form following extended breaks from the game. while Ajla Tomljanovic, Daria Saville and Destanee Aiava reclaimed form following extended breaks from the game.

Our proud history as a leading tennis nation in team competitions continues with our Davis Cup and Billie Jean King Cup teams each advancing to the finals in their respective competitions in 2023. The men's team receive direct entry into the round robin stage of the 2024

Davis Cup finals as a result and have won their way through to the finals.

After a decade-long stint as Captain of the Australian women's team, we bade farewell to Alicia Molik in November. She leaves a lasting legacy having led the team to two finals and captaining no less than five Grand Slam champions during her reign.

In April, Sam Stosur made her debut as Billie Jean King Cup Captain as we held our first tie on home soil since 2019 in Brisbane. Taylah Preston made an impressive debut helping the team qualify for the 2024 finals in November.

Our wheelchair athletes finished runners-up and third in the junior boys and quad draws at the World Team Cup in May. While at the IBSA World Games, our Blind/Low Vision athletes won seven gold medals.

It was also a golden year for Australians performing at the ITF World Masters tournaments with 17 gold medals claimed at the teams and individual events.

These inspiring performances are the result of a clear strategy centered around developing the athlete and their teams both on and off the court.

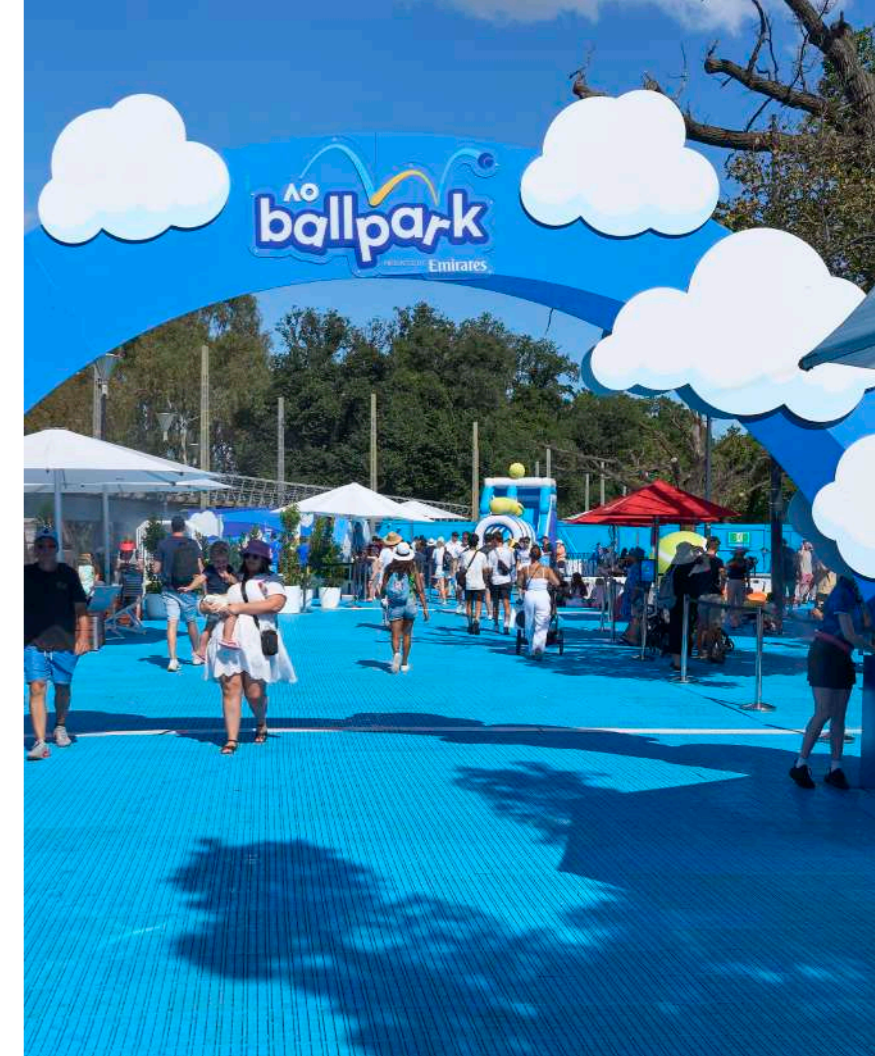

### THANK YOU

As we reflect on another successful year in Australian tennis, we celebrate strong performances on the world stage and are delighted to see the love of the game flow through the broader tennis community.

None of this is possible without the passion of coaches, administrators, volunteers, officials and delivery network and their commitment of time and effort. Thanks to each and every one of you.

### A RECORD-BREAKING SUMMER

The global tennis season kicked off with a bang at the United Cup in Perth and Sydney. Team Australia had everyone on their feet with Alex de Minaur leading them into the semifinals taking out three top-10 players including world No.1 Novak Djokovic. They were unable to clinch a finals spot going down to eventual champions Team Germany.

The new streamlined format for the event proved a resounding success with 15 of the 25 ties getting to a mixed doubles decider – eight of which ended in match tiebreaks.

The return of the much-loved Brisbane International to the Summer of Tennis calendar attracted more than 100,000 people to the Queensland Tennis Centre. Complementary professional events also held in

Adelaide, Hobart and Canberra, the sport truly took centre stage across the nation in the lead-in to the Australian Open.

A historic Sunday start for the Australian Open main draw was embraced by more than 87,000 fans on-site and contributed to a 42 per cent increase in global broadcast viewership of the opening round of the tournament.

And the records didn't stop there with more than 1.1 million fans streaming through the gates of Melbourne Park during the three weeks cementing the AO's position as the most watched and attended Grand Slam.

The event was also confirmed as the biggest economic generator in Australian sport, delivering a record \$533.2 million in economic benefits to the Victorian economy.

The performance of our Australian players gave the crowds much to cheer with Alex de Minaur cementing his position as a second week Grand Slam contender. He led 15 Australian men in main draw singles – our biggest contingent since 1998.

Storm Hunter was the best performed Australian woman pushing into the third round after qualifying for the first time. Dane Sweeny and Omar Jasika rounded out the qualifiers – the most to do so since 1992.

At just 15 years of age, Emerson Jones won admirers for her grit winning her quarterfinal and semifinal matches on the same day. She was the first local in the Australian Open girls' final for 16 years.

At the other end of the spectrum, persistence paid off in the most inspiring way for Perth-local Matt Ebden, who claimed a men's doubles Grand Slam on his 15th attempt alongside India's Rohan Bopanna.

## TENNIS SA STATE LEAGUE ALL STARS

Tennis SA, in conjunction with the Naracoorte Lucindale Council and the Lucindale Country Club, hosted the event at the Lucindale Country Club on Saturday 25 November.

The State's highest level competition visited Regional South Australia for the third time, following the highly successful events held in Port Lincoln and the Riverland in previous years.

After a few weather delays, Team Red claimed a six rubbers to four victory to take home back-to-back Tennis SA State League All Stars titles.

Local children were encouraged to sign up as ballkids for the event with come and try sessions being held in September with the selection of the top 18 ballkids having the opportunity to take to the court at Lucindale Country Club.

Two ballkids were chosen to be a ballkid at the Adelaide International.

The players were fortunate to experience the wonderful tourism opportunities the Limestone Coast had to offer, including the Naracoorte Caves National Park and a visit to Wild Game Wine for lunch.

## STATE FOUNDATION CUP

The 2023 Foundation Cup was played over four days on the courts of Berri Lawn Tennis Club in challenging weather, but great atmosphere. This was the 10th anniversary of the event held at Berri Lawn Tennis Club.

Six regions, Eyre Peninsula, Upper Northern and Yorke, Lower Northern, River Murray, South East and Hills Fleurieu competed in the teams format combining the boys and girls in each age group for 11-and-under, 13-and-under, 15-and-under and

17-and-under.

With 168 of the best regional juniors in South Australia competing, the standard of tennis throughout the event was extremely high despite the tough conditions. The atmosphere around the courts was electric, and the sportsmanship between the players was a real standout.

The event has a strong focus on the development pathway for junior regional players, engaging them in competitive opportunities to prepare them for their future in tennis.

River Murray were thrilled to walk away with the win in the 11-and-under division for the second time in a row. Hills Fleurieu were undefeated in the 13-and-under, 15-and-under and the 17-and-under age groups.

Hills Fleurieu claimed the overall State Foundation Cup team championship.

## KEY FACTS

## POLICY EDUCATION

The position of the Policy and Education Officer is designed to guide and educate clubs throughout South Australia in implementing policies approved by Boards at both the national and state level ensuring tennis is played in a safe and enjoyable environment.

Tennis SA worked closely with the Tennis Australia integrity department to ensure a high level of Child Safety in the Competitive Play environment and the greater South Australian tennis community.

Venue Supervisor training and advice was given to several junior associations giving clubs the confidence to enable a safe environment and the greater South Australian tennis community.

Parent expectations training continued at the younger junior level at Super 10's sessions and National Development Squad level. This is a combined initiative of Tennis SA Tournament, Competitions and Officiating and High Performance.

Clubs were supported and extended to other South Australian tennis stakeholders on complaint handling and minor matters.

Compliance with national policies and state government legislation through appropriate screening and Child Safe environments further accentuate the emphasis on all participants feeling safe in our tennis environments.

South Australian Government Working with Children Legislation continued to be communicated to all clubs and associations in South Australia in accordance with Child Protection in Tennis.

The Member Protection, Safeguarding Children Code of Conduct and Code of Behaviour Policies were also enforced through investigation, management and support of player, parent and spectator behaviour.

# Tennis Development

## ORGANISATIONAL STRUCTURE

The Tennis Development team enjoyed an exceptional 12 months, accomplishing remarkable results across numerous facets of the tennis scene. There were some shifts in positions within the team due to internal movements, however for the most part, we remained unchanged.

Our management team James Pick (Head of Tennis Development), Sarah Horgan (Regional Tennis Manager), Luke Doughty (School and Pathways Manager) and Tammie Wightman (Tennis Development Officer) remained the same.

In Sarah's team, we welcome Corey Tugwell as the new Regional Officer (Country North West), transitioning from his previous role as School Development Coordinator. Joining are Jessica Gardner serving as Club Development Officer (Metro North), Adrian Dezen as Club Development Officer (Metro South) and Luke Taylor as Regional Officer (Country South East).

Luke's team saw Jack Crispin continue his work as School Development Coordinator (Metro), spearheading initiatives including the first Blind and Low Vision League in Australia, hosted at The Drive. The team welcomed Bradley Pool as School Development Coordinator (Country) and Katelyn Pope as Womens and Girls Coordinator, both promising additions expected to make significant contributions in the coming year.

Unfortunately, we bid farewell to Amy Menzel after her dedicated five years to Tennis SA. Amy's contributions particularly in Coach Development and later as Womens and Girls Coordinator, were instrumental in advancing opportunities for women and girls in South Australia. We extend our gratitude for her hard work and wish her the very best in her future endeavours.

## SYSTEMS

In the 2023-24 period, Tennis SA and our affiliates continued utilising ClubSpark. Currently, over 200 affiliates utilise the systems membership module with significant growth observed in clubs adopting the court hire module.

The Tennis Development team maintains a strong focus on enhancing court hire capabilities at clubs and venues.

By the end of the 2023-24 period, there were 104 venues offering digital court hire across South Australia, a notable increase from the previous year. Among these, 47 venues utilise hardware gate access solutions such as Book a Court (21) and Igloo Home Lock (26). While 57 venues relied solely on using ClubSpark software.

This expansion in venues with court hire functionality resulted in a 23% rise in online bookings, totalling 9,025 bookings, and a 22% increase in court hire revenue, reaching \$55,533.

These venues are prominently featured on the national tennis website play.tennis.com.au, allowing anyone to easily locate and book a court online.

This online booking solution not only enhances the visibility of tennis venues but also promotes them as active hubs for tennis enthusiasts.

## HEALTH INDICATOR OF TENNIS SURVEY (HIT)

Throughout 2023-24 the Tennis Development Team has been collaborating closely with tennis clubs to conduct the Health Indicator of Tennis (HIT) survey.

This survey assesses the overall health and sustainability of clubs by examining participation levels, venue infrastructure and financial stability.

Upon completion of the survey a tailored report is then generated, offering detailed insights into the club's strengths and areas for improvement, facilitating further growth and prosperity.

A total of 124 HIT reports have been generated for affiliated clubs, enabling club development and regional officers to work alongside club volunteers in prioritising goals and action plans for the upcoming 12 months.

Additionally, these reports aid in informing the development of overall club strategic plans.

## SCHOOL DEVELOPMENT COORDINATORS

Key responsibilities of the School Development Coordinator are to drive greater participation in tennis and a deeper engagement of the education sector at local levels.

The role is integral in building sustainable pathways from schools to club-based tennis.

Additionally, this drives quality and consistency of program delivery and links directly to Government school initiatives designed to entrench tennis into school culture and curriculum.

Tennis SA are pleased to report we had 281 primary and secondary schools registered as part of the Australian Sports Commission Sporting Schools (Partnership and Play Program) during 2023-24.

Key highlights were an interview with Torrens Valley Christian School and Julie Polkinghorne who both won in the schools and volunteer categories at the Newcombe Medal.

Tennis SA piloted a new program, Red Ball Rumble to create a transparent pathway between schools and club tennis. The Red Ball Rumble will follow the same format as the school carnivals, providing clubs the opportunity to host a red ball match play in a fun and inclusive environment utilising a smaller court, low compression balls while making it easier for beginners.

This was piloted across four locations both in the metropolitan and regional areas with an average of 25 new participants across all of the four locations.

Metropolitan clubs are serviced by the team of Adrian Dezen looking after 52 clubs and 7 associations in Metro South and Jessica Gardner servicing Metro North with 58 clubs and five associations. The country team comprises of Luke Taylor looking after 77 clubs and ten associations within the South/East region and Corey Tugwell looking after 82 clubs and 18 associations in the North/West region.

The clubs team conducted 393 in person club visits throughout the year servicing tennis clubs and promoting tennis in their regions.

A key focus are for the team is to get clubs visible online through the national website play.tennis.com.au as well as digitally enabled with memberships, program and events using the ClubSpark software.

Through these programs, Tennis SA engaged 52,069 students.

Tennis SA held 50 school carnivals across the state. An incredible result with 9,138 year 3/4 and 5/6 students participating in the carnivals from 192 different schools.

The finalists for the year 3/4 carnival state finals were Prince Alfred College (Metro winners), St Monicas (Metro runners up), Maitland Lutheran School (Regional winners) and Port Lincoln (Regional runner up). All four schools competed for the title during the Adelaide International with Prince Alfred College winning the title.

To thank our stakeholders, the team held the annual Teachers Recognition Function during the 2024 Adelaide International, combined with the Volunteer Recognition Function.

In addition, we took this opportunity to thank our key stakeholders in ACHPER SA, SACPSSA, Flinders University, University of South Australia and School Sport SA.

## CLUB DEVELOPMENT OFFICERS AND REGIONAL OFFICERS

The Tennis Development team is comprised of Club Development officers (CDO) and Regional Officers (RO). This team works collaboratively with our affiliated clubs and members to improve the delivery of tennis at grassroots level. The CDO and RO are the first point to assist the 312 affiliates including 40 associations in growing participation, improving facilities, volunteer sport, club/coach support, system support and more.

206 of our affiliated clubs use the membership module and 182 clubs have their website on ClubSpark.

# Inclusion and Diversity

## WOMEN AND GIRLS

This is the third year where South Australia has had a staff member working specifically in the Womens and Girls space, focusing on supporting women and girls in tennis from participation all the way through to Community Leadership.

10 women across South Australia have commenced the third Women Leaders in Tennis Program, a four month program that is designed to help build leadership skills of women in our tennis community. 80 women attended the second leaders in tennis networking event, held during the Adelaide International, aimed at providing a space women across the state to connect and learn.

The #nolimits girls squads continued after a successful launch last year with 19 squads taking place. These squads are structured tennis sessions designed by Tennis Australia targeted at girls aged 10-14 who are seeking a talent development program. 153 girls across the state took part in these squads.

## NATIONAL INDIGENOUS TENNIS CARNIVAL

Tennis SA were thrilled to continue with the fourth year delivering the National Indigenous Tennis Carnival - SA and Playford events. The Playford event took place on Thursday 2 May at the Playford Tennis Centre. This event was tailored for primary school students, with 280 students from 20 schools participating in the event.

The day was packed with various activities including Hot Shots Tennis, coaching lessons, inflatables, tennis games and cultural activities.

On Sunday 5 May, the SA event took place with over 30 participants from clubs and newcomers taking part in the tennis clinic delivered by Jason Todd and the Just4Tennis Coaching team. Cultural activities were also available for participants to learn more about Indigenous culture.

The success of the event saw Tennis SA select a team of eight to represent South Australia at the National Indigenous Tennis Carnival in Darwin.

This concluded one year of receiving funding from the Office of Recreation, Sport and Racing.

With this funding Tennis SA were able to set up an Indigenous Hot Shots Tennis Program at the Playford Tennis Centre and Port Augusta Tennis Association aimed at kids from 5 to 12 years of age. We had over 50 participants in the program and Tennis SA are looking forward to the next year to get more programs up and running around the state.

## BLIND AND LOW VISION

Tennis SA were part of the Blind Sports Camp running a day of Tennis at Somerton Park Tennis Club for students.

Vision impaired athletes continued to attend weekly trainings at two locations in South Australia. The two training sessions are held at Somerton Park and Hope Valley Tennis Club.

Tennis SA would like to thank Andrew Whisson, Nicholas Bradley and Josh Crowe for their dedication to increasing vision impaired tennis by developing these programs.

Tennis SA hosted the Blind and Low Vision (BLV) State Championships once again, with 46 entries and is the largest in Australian BLV tournament history.

Following this tournament Tennis SA created the first of its kind within Australia, the Blind and Low Vision League. With four teams and 17 participants competing in weekly matches held at The Drive. These programs and initiatives would not be possible without the support of the South Australian School for Vision Impaired, who also won Most Outstanding School at the Tennis SA Awards night.

Mark Haskett was awarded the Most Outstanding Athlete with a Disability for the first time at the Tennis SA Awards, which is credit to his incredible dedication to the sport.

## PEOPLE WITH AN INTELLECTUAL IMPAIRMENT

Tennis SA offer several opportunities throughout the year to people with an intellectual impairments (PWII) to be involved in tennis.

The fortnightly Talent Development Squad continued, and has led them to competing in both interstate and international PWII events. Tennis SA also introduced a fortnightly Pathways squad, aimed at beginner to intermediate players to assist in developing their skills, while also creating a safe and inclusive environment. Tennis SA would like to thank Lance Everett on coaching both squads and Andriana Petrakis for being the assistant coach in the pathways squad.

Andriana Petrakis also became number one in Australia for the first time in the PWII-2 category, Tennis SA would like to extend our congratulations on this achievement.

The Peter Smith PWII Open was held in September with 24 players with an intellectual impairment competed across the weekend. Congratulations to everyone involved in the event.

Tennis SA has also been recognising players in the South Australian community who have disabilities through posting individual profiles of them on social media throughout the year.

Tennis SA want to raise the profile of these players as well as promote this to other people living with a disability that tennis is a sport available for them to play.

# Coach Development

Over the past 12 months, the Coach Development team instigated and completed a number of projects. Importantly, the coaches desire for more connection, engagement and relationships are at the forefront of the priorities for the team.

The key coaching projects focused on the following actions:

- Increased stakeholder engagement with a focus on supporting coaches to increase sustainability and business growth.
- Ensuring regional coaching courses are embedded in the coach education calendar.
- A coach education calendar to suit market needs.
- Increased networking opportunities for coaches for both formal and informal learning opportunities.

To increase stakeholder engagement the Coach Exchange project has proved to be a great success. Coach exchanges are deep and meaningful conversations driven by coaches out in their environment. The exchange sessions include active listening, problem

solving and follow up. Throughout the year, 81 coach exchanges have been conducted with coaches across South Australia. Some key feedback has included:

- Organisation and conducting of coach working groups.
- Improving modified ball player pathway.
- Increased collaboration with Tennis SA and the private sector.

These initiatives have helped in making the tennis coaching industry a more professional and respected profession. South Australian coaches reported a customer satisfaction score (CSAT) of 8.1, the highest in the nation.

Going forward, coach exchanges will become a key relationship tool with the plan to network and connect with the entire South Australian coaching community.

As a shared project, a increased focus has been on the investment of coaches in the South East region of South Australia.

Mount Gambier hosted South Australia's first regional Junior Development Coaching Course. The

course was held over four weeklong blocks with staff and coach developers travelling to Mount Gambier to deliver the course over a six month period.

This initiative is set to make the South East the largest region for Qualified and Business coaches in South Australia.

Over the past 12 months, 11 coach education courses have been successfully delivered across Foundation, Community, Junior Development and Club Professional coaching levels.

These courses have introduced another 55 coaches into the South Australian tennis community.

Workshops have continued to be a priority for the coach team. 12 workshops have been conducted across the state with participants given the opportunity to listen to global industry leaders. Workshops were well supported by coaches throughout the year with over 200 participants reinforcing the belief that a coach is a lifelong learner. A new initiative born out of coach exchanges is the networking possibilities of a forum discussion for coaches.

Four coaches forums were held between coaches and the relevant Tennis SA departments. This resulted in some positive developments for the tennis industry, with more planned for next year.

In January 2024, the South Australian Coach Summit was held in conjunction with the Adelaide International. 65 coaches attended and listened to modified ball expert Mark Tennant (ENG).

The Summit also included a presentation from Director of Coaching, Adam Carey (Tennis Australia). Adam spoke with an extensive knowledge of performance coaching, giving the Coaching Summit a well-rounded perspective of the coach pathway.

Callum Beale, Head of Game Expansion (Tennis Australia) concluded the presentations with an update on complementary formats.

The Summit concluded with networking onsite which was also identified as an important aspect for coaches.

The ability to combine access to the newly development venue, The Drive and the chance to view matches on Centre Court while also viewing the outside courts enhanced the overarching experience.

The Adelaide International also played host to the Coach Connect Workshop, this is an initiative created by the Women in Tennis team.

The workshop gave all our female coaches a networking event whilst taking in the atmosphere of the Adelaide International.

Twenty four female coaches attended this event, giving them the opportunity to listen and participate in a great workshop environment led by author Emma Doyle.

Coach Connect workshops were also held throughout the year to further support and grow the women's coaching community.

The total number of coaches for the 2023-24 year was 266, an increase from the previous year.

This includes 173 males, 93 females and 53 regional coaches.

together local and state-level players for an unforgettable experience.

Our team played instrumental roles in coordinating various events, including the Winter Pennant presentations, State Foundation Cup, City of Playford Tennis International and the National Indigenous Tennis Carnivals, showcasing our dedication to promoting and fostering the growth of tennis within our state.

The highly anticipated return of the Adelaide International in 2024 garnered significant acclaim, drawing in a staggering 51,000 patrons through the gate during the week-long event, making it the highest attendance record for a single week event since 2020.

With the appointment of former world no. 6 Alicia Molik as Tournament Director, coupled with innovative marketing initiatives and local match coverage, we achieved unprecedented engagement and exposure, marking a 238% increase in key metrics compared to 2023.

Finally, in a pioneering move towards inclusivity, we launched the groundbreaking Blind and Low Vision Tennis League aimed at expanding competitive opportunities for our local players.

This initiative solidifies our commitment to fostering diversity, inclusivity and providing platforms of all abilities to showcase their talents and passion for the sport.

Our website served as a vital hub for engagement, which attracted over 91,000 users and generating over 425,000 pageviews.

Notably, we observed a significant increase in new user engagement (24.7%), signalling heightened interest and outreach. Organic search emerged as the primary avenue through which users discovered our platform (47.3%), highlighting the effectiveness of our digital presence and outreach strategies.

It was closely followed by direct search with 32,696 (35%) users knowing exactly how to find us.

# Marketing and Communications

The culmination of our 2021-24 Strategic Plan marked a significant milestone this year, showcasing remarkable growth and innovation across our marketing, communications and partnerships landscape.

Throughout the 2023-24 year, our Tennis SA channels experienced unprecedented growth, notably on Instagram and Facebook, where we achieved a remarkable 17% increase, equating to a record-breaking addition of 1670 followers.

We produced seven dynamic content campaigns throughout the year, ranging from Play on the Clay in May to special initiatives honouring NAIDOC Week, Pride Month, International Women's Day, National Volunteer Week, National Coaching Week and National Reconciliation Week. These campaigns served to engage and inspire our audience while highlighting key events within tennis.

A pivotal focus remained on

nuturing grassroots involvement and supporting our clubs in enhancing their digital presence. To this end, we provided affiliated clubs with a comprehensive Participation Toolkit, empowering them to personalise Tennis Design Hub assets and effectively utilise social media to achieve their objectives.

Additionally, we generated 1081 Canva assets to promote tournaments, registrations, coaching programs and club activities, further bolstering our outreach efforts.

Following the success of the one-off Tennis SA Gala Dinner celebrating both the opening of The Drive and our tennis community, the 2024 Tennis SA Awards saw a record-breaking attendance of 365 guests, underscoring the growth prominence of the event.

We extend our gratitude to Eventwise for their continued support as our Silver Sponsor. The Tennis SA Awards serve as a testament to the

dedication and contributions of athletes, coaches, clubs, schools, communities, volunteers and officials in advancing the sport of tennis in South Australia.

Their unwavering commitment plays an integral role in shaping the rich tapestry of our tennis community and merits sincere recognition.

The return of flagship events such as the State League Grand Finals and the Junior State League Grand Finals at The Drive further solidified our commitment to showcasing and celebrating top-tier talent within our state.

Strategic profiling of our elite players remained a cornerstone initiative, exemplified by the third iteration of the Tennis SA State League All Stars, which this year spotlighted the Limestone Coast region. Collaborating with the Naracoorte Lucindale Council and Lucindale Country Club, we organised a successful community event, bringing

The Drive was always destined to deliver incredible experiences for South Australians.

In a monumental occasion for music enthusiasts across South Australia, Tennis SA entered a

partnership with Ticketmaster Australia to announce the much-anticipated return of live music to The Drive following a 13-year hiatus.

The Drive continues to work with the world's largest live entertainment company, Live Nation, and other content providers to ensure the continuous delivery of diversified content for the venue.

The Drive has already made a name for itself in the concert department, solidifying the venue as a state-of-the-art live music destination. Big names such as Sir Tom Jones, Live and Incubus and Queens of the Stone Age have already performed under the roof at The Drive, with many more set to attend for the remainder of 2024.

The venue has also played host to some major events, including the FIFA Women's World Cup Semi Final Live Site, Australian Masters Games, LIV Golf Welcome Party and of course the inaugural Adelaide International, creating an impressive resume for the newly opened venue.

We were also pleased to announce The Courtside Package, a bespoke corporate hospitality offering for Adelaide Businesses promising unparalleled entertainment and exceptional experiences, with an invitation to concerts and events held at The Drive.

The Drive delivered a refreshed marketing campaign with a focus on raising awareness of the venue. We were poised to position ourselves as Adelaide's only open-aired undercover music, sporting, events and function venue, whilst simultaneously promoting our meeting and function rooms for corporate offerings through a concentrated radio campaign.

We complemented this by enhancing our online presence and creating ease of interaction through a targeted SEO campaign.

Since its launch in 2023, The Drive's social channels have received immense attention and displayed incredible growth.

We continued our strong partnership with Adelaide Venue Management, the Courtside Room and Premier Suite held 55 functions including seminars, dinners, cocktail parties and board meetings with the stage hosting four concerts across various genres.

## VENUE UTILISATION

With Tom Collins now formally commencing as our Front of House Officer, we have now been able to open three Centre Courts for public bookings in conjunction with the Sunken Showcourt and the Clay Court venue.

With a steady revenue stream, this allows finances to go back into the maintenance and marketing programs to generate further revenue. The 'Play on the Clay in May' promotion offering 50% discount on the Clay Court Hire throughout the entire month of May was also very successful seeing additional revenue and new customers to our venue.

Tennis Australia has also continued its generous support through National grant programs which contribute significantly to Clay Court maintenance and also for upgraded lighting for match courts one and two for the Adelaide International.

We have also opened our state-of-the-art gym space to high performance teams including the Gold Coast Suns and Adelaide Thunderbirds while meeting rooms are regularly used by external organisations, not only for meetings but other events.

We are proud to partner with Novita to offer meeting rooms as sensory spaces for key events at Adelaide Oval including Gather Round and the Matilda's clash in May.

Tennis events remain in prime time at The Drive, hosting two back-to-back Junior ITF tournaments, the Premier Open 10k event, Masters Games as well as multiple Tennis Australia accredited coaching courses and workshops. The latest, the inaugural Blind and Low Vision League on Wednesday nights.

The State's top tennis talent was also on show with the Junior State League and State League Grand Finals being played at the Drive with free entry for spectators with presentations that followed to celebrate another successful tennis season.

Overall, the entire venue is well utilised with tennis remaining at the heart of what we do and with exciting opportunities to continue evolving in the events and high-performance sporting space.

## TEAM STRUCTURE

The Operations Team is led by Matthew Fitzgerald, Head of Operations and Venues. Hayley Allen leads the Venues space, assisting the operations team with delivering major events as well as the Tennis Development team with letters of support for grant programs requested by our affiliated clubs.

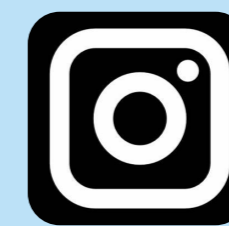

Former long-serving Tennis SA Board President Kent Thiele has also been assisting in an Operations Coordinator role on a part-time basis to help transition the venue into a regular maintenance schedule following the redevelopment.

Tom Collins has transitioned back to the Front of House Officer role to coordinate office operations, the reception area and finance processes.

Together with the assistance of external maintenance contractors Eventwise and the Adelaide Venue Management teams, The Drive is transitioning well to a professional event venue catering to a wide range of events and occasions.
