

Disability Tennis Opportunities

Disability Tennis

Tennis Australia with the help from our State Associations, aim to provide as many inclusive opportunities as we can. We want every person with a disability to show off their abilities and feel confident to pick up a racquet and give tennis a go.

These opportunities, programs or activations are for everyone, from beginners to elite players, no matter your ability; there will be an event for you.

By creating and delivering these opportunities we hope to dramatically increase the communities' knowledge and understanding about tennis for people with a disability.

So why not just have a go! If you or anyone you know would be interested in tennis, come down to your local tennis club, find a local coach, contact your state based disability organisation or tennis association and get involved.

..... **You never know where it might take you!**
