

EMERGENCY MANAGEMENT ACT 2005 (WA)

Section 71 and 72A

CLOSURE AND RESTRICTION (LIMIT THE SPREAD) DIRECTIONS (NO 2)

The World Health Organization declared COVID-19 a pandemic on 11 March 2020.

On 15 March 2020, the Minister for Emergency Services declared a state of emergency with effect from 12 a.m. on 16 March 2020 in respect of the pandemic caused by COVID-19 pursuant to section 56 of the *Emergency Management Act 2005 (WA)* (**Act**) (**State of Emergency**). The State of Emergency applies to the State of Western Australia.

I, Christopher John Dawson, Commissioner of Police and State Emergency Coordinator, give certain of these directions (relating to the closure of certain places) pursuant to my powers as a police officer under section 71 of the Act, and consider it reasonably necessary to give other directions to all persons in Western Australia to prevent, control or abate the risks associated with the emergency presented by the pandemic caused by COVID-19 pursuant to my powers under section 72A of the Act.

PREAMBLE

1. The purpose of these directions is to close certain places and to prohibit certain gatherings and activities in order to prevent, control or abate the risks associated with the emergency presented by the pandemic caused by COVID-19, by limiting the spread of COVID-19.

CITATION

2. These directions may be referred to as the **Closure and Restriction (Limit the Spread) Directions (No 2)**.

COMMENCEMENT

3. These directions come into effect at 11.59 p.m. on 26 April 2020.

REVOCATION

4. The Closure and Restriction (Limit the Spread) Directions I made on 7 April 2020 are revoked.

DIRECTIONS

Prohibited gatherings

5. A person who owns, controls or operates **premises** in the State of Western Australia must not allow a **prohibited gathering** to occur on the premises.
6. A person must not organise a prohibited gathering on premises in the State of Western Australia.
7. A person must not attend a prohibited gathering on premises in the State of Western Australia.

Prohibited activities

8. A person must refrain from undertaking or engaging in a **prohibited activity**.
9. A person must not organise a prohibited activity.
10. A person must not attend a prohibited activity.

Closure of certain places of business, worship and entertainment

11. Every owner, occupier or person apparently in charge of an **affected place** must close that place to the public while these directions remain in effect.

DEFINITION OF PROHIBITED GATHERING

12. A **prohibited gathering** means:
 - (a) a gathering of more than ten (10) persons in a single undivided **indoor space** or a single undivided **outdoor space** that is a **public place** at the same time; or
 - (b) a gathering of two (2) or more persons in a single undivided indoor space or a single undivided outdoor space at the same time (whether or not the space is a public place), where there is not at least 4 square metres of space for each person at the gathering,

Note: subject to the exceptions set out in the rest of this paragraph, a gathering at a public place will be a prohibited gathering if it is a gathering of more than 10 persons or if it is a gathering at which there is not at least 4 square metres for each person at the gathering. A gathering at a place that is not a public place will only be a prohibited gathering if there is not at least 4 square metres for each person at the gathering and one or more of the exceptions set out in the rest of this paragraph do not apply

but does not include a gathering:

- (c) at an airport that is necessary for the normal business of the airport; or
- (d) for the purposes of or related to public transportation, including in vehicles or at public transportation facilities such as stations, platforms and stops; or
Note: for the avoidance of doubt, public transportation includes taxis, ride share services, charter vehicles and similar services
- (e) at a medical or health service facility that is necessary for the normal business of the facility; or
- (f) at a disability or aged care facility that is necessary for the normal business of the facility; or
- (g) for the purposes of providing care or assistance (including personal care) to a vulnerable person or providing emergency assistance; or
- (h) for the purposes of emergency services; or
- (i) at a prison, detention centre, lock up or other place of custody for the purposes of or related to the operation of that place of custody; or
- (j) at Parliament for the purposes of its normal operations; or
- (k) at a court or tribunal; or
- (l) at a food market, supermarket, grocery store, retail store or shopping centre that is necessary for the normal business of those premises; or
- (m) at an office building, factory, mining site (including mining site accommodation), construction site or other place of work that is necessary for the normal business of those premises, except premises described in paragraph 12(n); or
- (n) subject to paragraph 13, at a school, university, educational institution or childcare facility that is necessary for the normal business of the facility; or
- (o) at a hotel, motel or other accommodation facility that is necessary for the normal operation of accommodation services; or

- (p) in an outdoor space where a gathering of persons which would otherwise constitute a prohibited gathering may be present for the purpose of transiting through the space; or

Example: Forrest Place, Perth

- (q) in an indoor space where a gathering of persons which would otherwise constitute a prohibited gathering may be present for the purpose of transiting through the space; or

Examples: Perth Busport; an elevator or lift

- (r) in an indoor space or an outdoor space where everyone in the gathering is a member of the same **household**; or

- (s) at a **place of worship** for the purposes of live streaming, or recording for later broadcast or publication on television, radio, the internet or social media, of religious activities at that place of worship, provided that no more than 10 persons are present and there is at least 4 square metres of space for each person at the gathering; or

Note: under these directions places of worship remain closed to the public, other than for the purposes of a wedding or funeral. A place of worship must otherwise remain closed to the public while it is being used for the purposes of live streaming or recording religious activities.

Example: a place of worship is being used for the purposes of live streaming a religious service. The person who leads or presides at the service, such as an imam, priest or rabbi, and those who assist that person (including those who would ordinarily read from scripture or some other sacred text to a congregation or other group gathered to participate in the service) can be present. In addition, persons may be present for the purpose of live streaming or recording the service. However, no more than 10 persons can be present and there must be at least 4 square metres of space for each person at the gathering and, because the place of worship remains closed to the public, no part of the congregation or other group who would ordinarily gather to participate in the service can be present (except for any person assisting the person who leads or presides at the service)

- (t) at an **entertainment venue of any other kind** for the purposes of live streaming, or recording for later broadcast or publication on television, radio, the internet or social media, of live entertainment, provided that no more than 10 persons are present and there is at least 4 square metres of space for each person at the gathering; or
- (u) at an affected place to the extent that the affected place may remain open to the public for certain purposes and the gathering is necessary for any of the purposes for which an affected place may remain open; or

Note: affected places are closed to the public, but some of them are permitted to remain open to a limited extent. Paragraph 12(u) ensures that a gathering which is necessary for any of the purposes for which an affected place may remain open will not be a prohibited gathering, provided that any other requirement imposed by these directions is complied with.

Example: a restaurant is permitted to remain open to the public to the extent that, amongst other things, it provides takeaway meals or drinks. A gathering which is necessary for the purpose of providing takeaway meals or drinks is not a prohibited gathering

- (v) in a **motor vehicle**; or
- (w) specified in writing as exempt from this direction by me, or someone authorised for that purpose by me, as the State Emergency Coordinator.

13. For the purposes of paragraph 12(n), an event at a school, university, educational institution or childcare facility that involves members of the community in addition to staff, students and (in the case of a childcare facility) children in the care of that facility is taken to be unnecessary for the normal business of the facility.

Note: The intended effect of paragraph 13 is that an event at a facility described by paragraph 12(n) which involves members of the community in addition to staff, students and children will be a prohibited gathering if it involves a gathering of persons which would, but for paragraph 12(n), constitute a prohibited gathering. Events include assemblies, sporting events or parent-teacher events.

DEFINITION OF PROHIBITED ACTIVITY

14. A **prohibited activity** means any of the following activities and whether undertaken or engaged in on a profit or not-for-profit basis:

- (a) a real estate auction; or
- (b) an open house inspection (including the inspection of a display home), whether for the purposes of sale or rent, but excluding an inspection at which:
 - (i) the person conducting the inspection completes, and retains and produces for inspection as may be required by a **relevant officer** at any time, a written register of the place, date and time where the inspection is held and the name, residential address, email address and contact telephone number of the person conducting the inspection and each person who attends; and
 - (ii) no more than 10 persons (including the person conducting the inspection) are present at the same time and there is at least 4 square metres of space for each person present; and
 - (iii) alcohol hand rub is made available for those attending at the entrance and, if the entrance is not also the only available exit, at each available exit; and
 - (iv) the person conducting the inspection encourages those attending to wash their hands with alcohol hand rub when they enter and exit the place being inspected;

or

- (c) beauty therapy services, including but not limited to tanning, waxing, massages, nail services, tattooing and piercing, but excluding hairdressing and barbering provided that a distance of at least 1.5 metres is kept between each hairdresser or barber and customer and every other hairdresser or barber and customer in the place where hairdressing or barbering services are being provided; or
- (d) personal training which:
 - (i) occurs indoors; or

- (ii) occurs outdoors, except where the personal training which occurs outdoors involves no more than 10 persons, a distance of at least 1.5 metres is kept between each person involved, there is at least 4 square metres of space for each person involved and no equipment is shared by any of the persons involved; or
- (e) a wedding, other than to the extent that it involves no more than 10 persons; or
- (f) a funeral, other than to the extent that, excluding those persons whose presence is necessary to conduct the funeral:
 - (i) the funeral involves no more than 10 persons; or
 - (ii) the funeral has been approved in writing by me, or someone authorised for that purpose by me, as the State Emergency Coordinator;

or

- (g) a sporting activity, whether indoors or outdoors, which ordinarily involves some or all of the participants in the sporting activity coming into bodily contact with each other; or

Example: a game of basketball, any code of football (including Australian rules football, rugby and soccer), hockey or water polo is an example of a sporting activity which ordinarily involves some or all of the participants coming into bodily contact with each other

- (h) a sporting activity, whether indoors or outdoors, which does not ordinarily involve some or all of the participants in the sporting activity coming into bodily contact with each other, except where no more than ten (10) persons participate in the activity.

Example: a game of cricket, golf, lawn bowls or tennis is an example of a sporting activity which does not ordinarily involve some or all of the participants coming into bodily contact with each other. Playing kick to kick (which is often done with an Australian rules football), or training for a sport such as basketball, a code of football, hockey or water polo, will also fall within paragraph 12(h) if it does not ordinarily involve bodily contact (such as kick to kick) or it is conducted to ensure that bodily contact does not ordinarily occur

(such as some kinds of training for basketball, a code of football, hockey or water polo).

Note: the intended effect of these directions is that the maximum number of people who may gather for the purposes of an open house inspection (including the inspection of a display home), personal training which occurs outdoors, a wedding or funeral or a sporting activity which does not ordinarily involve bodily contact is as set out in paragraph 14(b), (d), (e), (f) and (h) above, provided that such a gathering is still subject to the requirement as set out in paragraph 12(b) that there be at least 4 square metres of space for each person at the gathering.

Example: a funeral is to be held for someone with more than 10 family members who wish to attend the funeral. The funeral is to be held in a space that is large enough to allow at least 4 square metres for everyone who will be present, including all of the family members who wish to attend and those persons whose presence is necessary to conduct the funeral. Approval can be sought under paragraph 14(f)(ii) to have more than 10 persons at the funeral (excluding those persons whose presence is necessary to conduct the funeral).

DEFINITION OF AFFECTED PLACE

15. **Affected place** means any one of the following, whether operated on a profit or not-for-profit basis:
- (a) a business characterised as a pub, bar or club that supplies alcohol under a licence granted under the *Liquor Control Act 1988* (WA), but not including any part of the business constituted by a **bottleshop**; or

 - (c) a gym; or
 - (d) an indoor sporting centre; or
 - (e) a **casino**; or
 - (f) a cinema or nightclub; or

- (g) an entertainment venue of any other kind; or

Note: while an entertainment venue of any other kind must remain closed to the public, it can be used for the purposes of live streaming, or recording for later broadcast or publication on television, radio, the internet or social media, of live entertainment, provided that no more than 10 persons are present and there is at least 4 square metres of space for each person at that gathering (as described in paragraph 12(t) of these directions)

- (h) a restaurant or café (including premises selling food or drink in a food court), other than to the extent that:

- (i) it provides takeaway meals or drinks or a meal delivery service; or

Note 1: paragraph 14(e) and (f) of these directions restrict the number of persons who can be present at a wedding or funeral
